Mr. Paul Taylor
Conoco Oil Company
P.O. Box 4784
Houston, Texas 77210-4784

Dear Mr. Taylor:

RE: Remedial Investigation
Site: Former Conoco Station, 1126 South Robert Street, West St. Paul
Site ID#: LEAK00000858

As of September 21, 1989, the Minnesota Pollution Control Agency (MPCA) has not received your remedial investigation report which was initially due June 19, 1989. Additionally, the MPCA staff has learned the initial site work has not yet begun.

The MPCA may order a responsible person to take reasonable and necessary corrective actions. The MPCA shall notify the owner of real property where corrective action is ordered to be taken that responsible persons have been ordered to take corrective action and that the owner's cooperation will be required for the responsible persons to take that corrective action. Minn. Stat. § 115C.03, subd. 1 (Supp. 1989).

If the responsible person fails to act on an order, the MPCA may enter upon private property for the purpose of taking action authorized by this section including conducting surveys and investigations, and taking corrective action. Minn. Stat. § 115C.03, subd. 7 (Supp. 1989).

Additionally, if the MPCA undertakes corrective action, the expenses incurred by the MPCA may be recovered in a civil action district court brought by the attorney general against the responsible person. Minn. Stat. § 115C.03, subd. 3.

Please notify me within 10 days after receipt of this letter and indicate when the necessary work will be initiated.

If you have any questions or comments, please contact me at 612/296-7975.

Sincerely,

David A. Scheer
Pollution Control Specialist
Tanks and Spills Section
Hazardous Waste Division
