

# NOTIFICATION OF LAND APPLICATION OF PETROLEUM CONTAMINATED SOIL

Minnesota Pollution Control Agency  
Tanks and Spills Section  
May 1991

**RECEIVED**  
OCT 21 1991

This form should be used to notify the Minnesota Pollution Control Agency (MPCA) that petroleum contaminated soil approved for land application has been land-applied in accordance with the MPCA document "Land Application of Petroleum Contaminated Soil: Single Application Sites" (May 1991). This form must be completed and submitted to the MPCA within one week following land application. The Petroleum Tank Release Compensation Cleanup Act establishes a fund which in certain circumstances provides partial reimbursement for petroleum tank release cleanup costs. Land application of petroleum contaminated soil after receipt of an MPCA letter of approval may allow the responsible person identified under item I.A, below, to apply for partial reimbursement under Minn. Stat. § 115C.09, subd. 2(a)(2), (Supp. 1991). Stockpiling of soil is not considered as land application.

## I. LAND APPLICATION INFORMATION

A. Tank owner/operator mailing address:

Contact: CURT BJERTNESS  
Company name: WOLVERTON FARMERS ELEVATOR  
Street/Box: Box 69  
City, Zip: WOLVERTON, MN 56594
