Boiler #3 Notice of Construction

Dear Sir/Madam,

As required by the state operating air permit referenced above, Benjamin Bertram of Sanimax has, provided notification of the start of construction of Boiler #3 (EQUI 10) through various project updates, emails and other correspondence with the agencies. Nonetheless, Sanimax is providing this notification to complete its file.

Construction of Boiler #3 began February 22, 2016 and the anticipated completion date is October 10, 2016. Boiler #3 is a new, permanent 98 million British thermal unit per hour (MMBtu/hr) boiler capable of burning natural gas, No. 2 fuel oil, glycerin and refined animal fat/vegetable oil (RAFVO). The initial operating capacity of the boiler is anticipated to be at approximately 85% then increasing going forward as the business grows. The primary fuel is natural gas making up 99%-100% of the fuel consumption. Should there be an interruption in the natural gas supply; the backup fuel will be No. 2 fuel oil with anticipated consumption of 0%-1%. The use of glycerin and RAFVO are not anticipated at this time.

Sincerely,
