Dear Mr. Radunz:

RE: Petroleum Storage Tank Release Corrective Action
Site: Hasty Truck Stop, Clearwater
Site ID#: LEAK00000666

The Minnesota Pollution Control Agency (MPCA) staff has reviewed the Braun Environmental Laboratories Report which summarized the corrective action for petroleum contamination at your company's station in Clearwater. Based on the information submitted, it appears that the contamination was adequately addressed. Therefore, no further action will be required at this time. If problems arise in the future at or near your station, further investigation and/or corrective action may be required.

Thank you for your cooperation in this matter.

Sincerely,

Patricia M. Chabot
