Dear Mr. Radunz:

Enclosed is the Minnesota Pollution Control Agency (MPCA) Notification/Change in Status for Underground Storage Tanks form for the 20,000 gallon underground storage tank (UST) excavated in 1988. This form is required by the MPCA for USTs which are excavated or removed from service. This was not completed in 1988 when the UST was excavated and needs to be completed to update the MPCA records.

Please review the document for accuracy and sign the appropriate line in Box I. If there are corrections, please make them directly to the document. I have enclosed a stamped envelope with the correct address at the MPCA for your convenience. If you have any questions, please call me at 595-8888.

Sincerely,

Summit Envirosolutions, Inc.
