5/08/01 EEB-Spoke with Ray Colbert (Kato, Inc ) The 2-20K USTs are used for run-off ("grey water") and have been used as such since about '94/'95 The tanks are active but unregulated

-Changed status for 001 and 002 to active, unregulated substance

-Left a message for Matt Gikas (Omni Environmental, 507/252-0945) to discuss why this site has a different UST ID# than 12032 12031 and 12032 are at the same location

-Spoke with Matt Gikas (Omni) This is the same facility as 12032 Kato, Inc is the owner

-Asked JCH to merge 12031 into 12032 12031 will be deleted
