RE: Request for Financial and Insurance Information
Site: Former Food-n-Fuel, St. Francis MN
MPCA Leak: #18925

Dear Ms. Vinas:

The financial disclosure forms received in our office on June 28, 2013, have been reviewed by Petrofund staff. Before a financial assessment can be made, the following additional information is necessary:

1. As stated in our letter dated April 25, 2013, you must provide copies of your last **five** tax returns. Your recent response included complete copies for 2009, 2010, and 2011, but incomplete copies of your tax filings for 2008 and 2012. Because you filed an extension for the 2012 tax filing, please provide complete copies of your tax returns for 2007 and 2008.

Please note that unless the required information is submitted within 30 days, Petrofund staff will be unable to document that you have a financial hardship that would prevent you from paying for the corrective action work required at the above-referenced site. Consequently, because the MPCA has determined that you are a responsible person under Minn. Stat. §115C.021, subd. 1 for the release that occurred at your property, they would most likely require that you hire an environmental consultant to perform the necessary corrective actions. Also, you may be eligible to apply for reimbursement from the Petrofund for costs associated with work that is required by the MPCA. Generally, a responsible person may be reimbursed up to 90 percent of eligible costs up to \$1 million. Keep in mind that reimbursement may be reduced significantly for lack of cooperation or for failure to comply with federal regulations regarding underground and aboveground storage tanks.

Please note that your case will be reviewed further should you provide the required financial information.

If you have any questions, please contact me at 651-539-1513 or 800-638-0418 (outside the Twin Cities), or via e-mail at colleen.schiltz@state.mn.us. The Petrofund fax number is 651-539-0103.

Sincerely,

Colleen Schiltz
Petrofund Cost Recovery Coordinator
