LEAKSITE REMARKS

07/18/89 Rec'd release report.
07/28/89 Sent Standard Letter.
05/23/90 Rec'd appl. to land apply soils.
08/20/90 Rec'd fax of ammended land appl.
09/05/90 Sent land appl. approval. Called Denise Blomquist with Hallock Schools and verified that she rec'd approval for the High School and elementary(leak #2128). She also verified that the soils have been spread. This call made on 11/8/90.
05/24/90 Rec'd excavation report.
11/08/90 Called Craig Diekvoss, MECC, and verified that soil sample #9 was taken, but no analyses were run (only HNu readings). Also that approximately 5 yds of lightly contaminated soil was left in the NW corner of the excavation.
12/03/90 Closure letter sent. Off-site soil monitoring still required.
10/01/91 See remarks for LEAK 2128.
10/08/91 Follow-up monitoring received, 2.3 ppm THc, no reply sent.
