Subject: Removal of Reduction for LS#14698
Importance: High

Hi Sarah,

I would like to recommended revising the Inadequete reduction for LS#14698. .

A reduction was put in place for inadequate inventory control and tank tightness testing measure, and annual line tightness testing. The RP (North American Bank) has been a volunteer RP since 2002 and never operated the tanks. This reduction should not apply to them

If you need anything else please let me know.

Thanks
Amy

MINNESOTA POLLUTION CONTROL AGENCY
COMMISSIONER'S SITE REPORT
TO THE PETROLEUM TANK RELEASE
COMPENSATION BOARD

SITE ID#	RELEASE SITE	APPLICANT	REGION
LFAK00014698	Former KCs Quik Stop	North American State Bank	Brainerd

1. Eligibility Determination

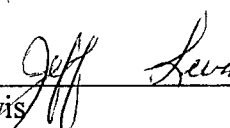

I hereby determine that the corrective action described in the application was appropriate in terms of protecting public health, welfare, and the environment and that the applicant is eligible for Petrofund reimbursement, pursuant to Minn. Stat. § 115C.09, subd. 2, items (a) and (c) (2002).

2. Compliance with Applicable Requirements: **ADEQUATE**

Information readily available to the Minnesota Pollution Control Agency staff shows that the applicant has complied with the applicable requirements of Minn. Stat. § 115C.09, subd. 3(I) (2002).

The determinations in this report are made solely for the purpose of determining eligibility for reimbursement under Minn. Stat. § 115C.09, subds. 2 and 3 (2002). Nothing in this site report releases any person from liability, and the Minnesota Pollution Control Agency does not waive any of its authority to require additional corrective action at the above-referenced site or to enforce other provisions of state law.

Dated: September 12, 2008

Jeff Lewis
Manager, Petroleum Remediation Program
