SUBJECT: Supplemental Reimbursement Request, Curtis Convenience Stores, Inc.,  
Junction Food-N-Fuel, Hermantown, LEAK00003534.

We recently received a copy of the application to receive supplemental reimbursement for the subject site. After reviewing a RI/CAD report submitted for this site, MPCA staff have found the report to be woefully inadequate. Although some of the RI work will be useful in preparing a successful RI/CAD, MPCA staff recommends that the cost incurred in preparing the current RI/CAD not be reimbursed.
