RE: Leak #3534
Food N Fuel Store
Hermantown, Minnesota
8400-93-049

Dear Mr Leppala,

The purpose of this letter is to ask you to initiate the paper work expanding the number of responsible parties for the above referenced leak site. The reasoning behind this request is the letter from Bob Strassberg of B & D Pump, Inc, dated July 9, 1992. A copy of this letter is enclosed for your review.

This letter describes an improper installation, discovered upon excavation, that may have caused the leak at this site to occur. The owner at the time of installation was Conoco. The contact for Conoco at this site is Mr Clete Lauck. Mr Lauck's address is 4296 145th Lane NW, Andover, MN 55304. Please notify this party concerning their partial responsibility in the contamination found at this site so we may continue to work toward final closure of this site.

Let us know what our next step should be to remediate this situation.

Thank you for your interest in pollution control. Please call me if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Sarah L. Hylden".

Sarah L Hylden
Environmental Scientist/Hydrogeologist
