September 14, 2011

Mr. Mark Ryan Carl Bolander & Sons 251 Starkey Street PO Box 7216 St. Paul, MN 55107

Dear Mr. Ryan:

The Minnesota Pollution Control Agency (MPCA) has reviewed your recent application titled, "Underground Storage Tank (UST) Contractor Certification," and it has been determined that you have satisfied the requirements of Minn. R. ch. 7105. Please find enclosed your Minnesota UST Contractor Certificate.

As a certified UST service provider, your company is licensed to perform tank service projects, in the discipline(s) indicated on the application form, on regulated UST in the state of Minnesota. The period of certification for contractors is two years, and should be reflected in the certificate's expiration date. Please review the certificate for accuracy.

Minn. R. ch. 7105 requires that a copy of the current certificate be posted conspicuously at each work site. The rule also requires that the MPCA be notified in writing within thirty days of any change of address, ownership, supervisor status or loss of certification.

Please be aware that it is the responsibility of the contractor to ensure that their certification does not lapse.

If you have any questions regarding your Contractor Certification feel free to contact me at 651-757-2429.

Sincerely,

JoAnn C. Henry
