

# Minnesota Pollution Control Agency

Celebrating our 25th anniversary and the 20th anniversary of the Clean Water Act

June 17, 1992

Mr. Bob Dittmer  
Dittmer Oil Company  
Highways 4 and 19  
Fairfax, Minnesota 55332

Dear Mr. Dittmer:

RE: Petroleum Storage Tank Release Investigation and Corrective Action  
Site: Dittmer Oil Company, Highways 4 and 19, Fairfax  
Site ID#: LEAK00001940

The Minnesota Pollution Control Agency (MPCA) staff is requesting an update on the above-referenced site. On September 9, 1991, MPCA staff mailed a request for additional work at your site to define the extent and magnitude of petroleum contamination. Since that date, we have not received any response from you concerning the requested Remedial Investigation and Corrective Action Design (RI/CAD) report.

If you do perform the requested work, the state may reimburse you for a major portion of your costs. The Petroleum Tank Release Cleanup Act establishes a fund which in certain circumstances provides partial reimbursement for petroleum tank release cleanup costs. This fund is administered by the Petroleum Tank Release Compensation Board (Petro Board). More specific eligibility rules are available from the Petro Board (612/297-4017).

We look forward to receiving the RI/CAD or an update on the progress of work at your site.

Should you have any questions you may contact me at 612/297-8611. Thank You.

Sincerely,

A handwritten signature in cursive script that reads "Mark E. Koplitz".

Mark Koplitz  
Pollution Control Specialist  
Tanks and Spills Section  
Hazardous Waste Division
