Mr. Leo Clobes
Ditmar Oil
600 East Lincoln
Fairfax, Minnesota 55332

Dear Mr. Clobes:

RE: Petroleum Storage Tank Release Investigation and Corrective Action
Site: Ditmar Oil
Site ID#: LEAK00001940

The Minnesota Pollution Control Agency (MPCA) has received your notification that a release of petroleum has occurred from storage tank facilities which you own and/or operate. The first report of the release was made on October 10, 1989.

Federal and state laws require that persons legally responsible for storage tank releases notify the MPCA of the release, investigate the extent of the release and take actions needed to ensure that the release is cleaned up.

I understand that a fuel line ruptured, and 2,300 gallons of regular gasoline escaped. GME Consultants, Inc., was hired to investigate the spill.

If you complete the cleanup work, the state may reimburse you for a major portion of your costs. The Petroleum Tank Release Cleanup Act establishes a fund which in certain circumstances provides partial reimbursement for petroleum tank release cleanup costs. This fund is administered by the Petroleum Tank Release Compensation Board (Petro Board). More specific eligibility rules are available from the Petro Board (612/297-4017).

Please notify me within 24 hours of discovery of free floating petroleum product on the surface of the ground water, and notify me three days before removing any tanks.

Please feel free to contact me at 612/643-3427 any time you need information or assistance in these matters. Thank you.

Sincerely,

Janet Berryhill
Pollution Control Specialist
