Dear Mr. Bielke:

RE: File Review
Site: Wells Concrete, Highway 109 East, Wells
Site ID#: LEAK00006378

The Minnesota Pollution Control Agency (MPCA) has reviewed the current information for the above-referenced site. It was determined that once soil treatment information has been received, this file can be considered for closure.

Please send the proper soil treatment application documents including "Application for a Petroleum Contaminated Soil Land Treatment Site (Form A)" and "Application to Land Treat Petroleum Contaminated Soil at an Approved Site (Form B)".

Should you have any questions concerning this letter you may contact me at 612/297-8611. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark E. Koplitz". The signature is written in a cursive, slightly slanted style.
