SUBJECT: Remedial Investigation Report
Sinclair Station, 7733 Portland Avenue South, Richfield, MN

Dear Mr. Koplitz.

You will find enclosed one (1) bound copy of the Remedial Investigation Report for the above referenced site. We are submitting this report on behalf of Sinclair Marketing, Kansas City, Kansas. Our investigation has shown that limited petroleum soil impacts exist at this site. No significant groundwater impacts were detected. Therefore, we have not recommended additional investigation or remediation.

Respectfully,
